

## REQUIREMENTS TO ARTICLES:

- Articles in Ukrainian, Russian and English will be accepted.
- Articles should meet the requirements of HAC of Ukraine (<http://www.vak.org.ua>), contain elements of scientific newness. There should be accurate references to the working out made by author, as well as to partial and complete adoptions used in the article.
- Article size should not be less than 0,25 printed sheets (10 thousand of printed characters) and not exceed 0,5 printed sheets. Requirements to the article design are listed in appendix. All indicated subpoints should be included in the article and be set off in bold type.
  - Articles move in printing (with CD) or send to the e-mail: [fmm@kpi.ua](mailto:fmm@kpi.ua) or [o.zozulyov@kpi.ua](mailto:o.zozulyov@kpi.ua).
- Articles should be presented in printed version and on a CD. Articles should be typed in Microsoft Word. Filename can have a \*.doc or \*.rtf extension. Type of the article text – Times New Roman Cyr 14. Tables should be made by 12 type. There should be mirror borders; upper and inside – 2,5 sm, external – 1,8 sm, bottom – 3,5 sm. Line spacing – 1,1. Diagrams and other graphic data are given with an appropriate associating.
- Printed version of an article can be signed by author at the last page.
- Filename in the electronic version should correspond to the name of the first author. File with the information about the author should be attached to the article. Name of file: data\_( name of the first author)
- Structure: UDC, the author (authors), scientific degree, an academic status, a work place, article name, the summary, keywords, introduction (problem statement, its communication with last researches and publications, scientific and practical problems, a substantiation of an urgency of research), problem statement (the generated research objectives), methodology (the short list and a substantiation of methodological base of the research, the used methods, mathematical apparatus, algorithms and the software), the basic results of research, conclusions (scientific novelty, theoretical and practical values of results of research, prospect of the further scientific workings out in the given direction, the recommendation concerning use).
- Site of scientific bulletin: [www.economy.kpi.ua](http://www.economy.kpi.ua).

***Articles with non-compliance with the requirements or presented after deadline will not be published. Articles will be reviewed by the editorial board of scientific bulletin.***

## Article design

**Petrov A.B.**

*Ph.D., Professor*

*National technical university of Ukraine "KPI"*

### Title of the article

#### **Annotation**

In Ukrainian, Russian and English languages  
(About 1000 characters).

#### **Key words**

(3-7 words).

#### **Introduction**

(Problem definition, its relationship with last research and publications, scientific and practical tasks, degree of working out with mandatory attributions to the used sources; substantiation of research actuality).

#### **Task setting**

(Formulating research goals)

#### **Methodology**

(Description and substantiation of the methodological basis of a research, methods used, mathematical tools, algorithms, and software tools).

#### **Research results**

(Statement of a basic material with substantiation of scientific results).

#### **Conclusions**

(Scientific newness, theoretical and practical importance of research results, prospects of further scientific working out in this field, recommendations concerning their use).

**Text of  
the article**

#### **Literature:**

(Not less than 5 sources)

## Information about author

**Last name, first name, patronymic:**

---

**Academic degree and status:**

---

**Article's title:**

---

**Place of employment:**

---

**Position (post):**

---

**Contact address:**

---

**Contact tel.:**
